Remember!!! Application deadline is February 20, 2019.

MAIL your checks to:
S.E.E. Program
c/o Melissa Fenstermaker
60 Perry Hill Road
Shelton, CT 06484

Please make them payable to S.E.E. Checks must accompany the application form.
Remember to send an email address for return information.

Application

Please fill out the back of the brochure in full.

Early application is advisable, since all courses have a limited enrollment number.

***In order to guarantee a confirmation, please enclose an email address for return confirmation of courses, instructions and supplementary information. This information will be sent to you before the first class, provided that I receive your application by February 12, 2018. ***

Registration

Registration will be on a first-come, first-served basis. Students may register for two consecutive courses and should indicate one alternate course. Although every effort will be made to honor student's preferences, a course may be closed when the enrollment limit is reached, or cancelled when there is insufficient enrollment. Late applications will be considered only if there are vacancies in the desired classes.

Please visit our website at:

seeprogram.weebly.com or on Twitter @SEEpogram

Transportation

Parents or guardians are responsible for transportation to and from the program. If your child is taking consecutive classes, teachers will be responsible for bringing the children from class to class.

Instructors of these courses are planning individualized instructions according to skill, age and interest of the students involved.

This year, the calendar fell in a way that we were able to incorporate a make-up day on April 6th. Therefore, if there is a whole program cancellation, due to inclement weather or a major disaster, there will be ONE make-up day. There are no refunds. Also, if your child is unable to attend on any given week, there are also no refunds.

The Program Offerings

Teachers - Joanne Seamon and Elaine Visci

Session 1 - 8:45 - 10:00

Hands-On Science

Children will explore simple science through fun, hands-on experiments that will delight their senses. These activities will allow children to notice, wonder, predict, question, investigate and make a purposeful mess!

Session 2 - 10:15 - 11:30

Music, Sports and Play

Children will integrate songs, play and learning through the use of stories, sports, acting out and fun tunes! These activities will allow children to be dramatic, move to a beat, sing to their heart's content and refine their gross motor skills in a fun and active way!

Session 3 - 11:45 - 1:00

Art & Creativity

Children will express their creativity through exciting art projects that they will get to bring home. These activities will allow children to hone their fine motor skills, find their individuality, and release their inner Picasso!
